Antonio Carlos Jobim: An All-Star Tribute

with Herbie Hancock, Shirley Horn, Gonzalo Rubalcaba, Jon Hendricks, Joe Henderson, Gal Costa & Antonio Carlos Jobim

VIEW DVD #2349 - List Price \$24.98

Direct from Brazil in his last recorded performance, Antonio Carlos Jobim (1927-1994) is joined by an international delegation of jazz giants to recreate his classic melodies in a beautiful, concert-length "Thank You." With over four hundred songs to his credit, including the unforgettable *Girl From Ipanema*, Jobim virtually singlehandedly brought the world the Bossa Nova. Adapting the percussive excitement of the samba to the intimacy of the guitar while echoing the melodies and harmonies of Cool Jazz, Jobim's new sound quickly became a staple ingredient in the jazz cookbook, and in 1991 Jobim was inducted into the Songwriter's Hall of Fame. Bonus music, 7 artist bios, and an interactive jazz IQ test are highlights of this unique DVD.

"A wonderful souvenir from one of jazzdom's great hearts and minds!" -Chuck Berg, *Jazz Times*

Norman Rockwell walked into the offices of *The Saturday Evening Post* in 1916, a bold young art student with a portfolio of pictures under his arm, and walked out as the new cover artist for America's favorite magazine. So began Rockwell's career and the unique love affair between the artist and the American public—spanning five decades, over 300 covers and many more acclaimed works. In 1993, his place in art history was secured with a museum dedicated to his art. Norman Rockwell's paintings bridge the era from the horse and buggy to the landing of a man on the moon. In his portraits of daily life, he chronicled everyday people while capturing essential truths about human strength and weakness, success and failure. When speaking of a Rockwell painting, one can truly say "a picture is worth a thousand words." In some ways Rockwell painted a better world than really existed, but his is a world that we can dream about, a world we can share. This classic program features the art of Rockwell, commentary and remembrances from art historians, close friends and the artist himself—an entertaining celebration of Norman Rockwell's American Legacy. DVD Highlights include an art gallery, artist bio, and bonus music.

"This notable documentary shows Rockwell was a perceptive social commentator of exceptional artistic skill and narrative power." – Entertainment Weekly
